

Hello!

First of all, we'd like to apologize that we send this information a little bit late. The mail with our host family got lost in the folder with unwanted mails, which is pretty ironic because we do really wanted to know our host family!!

Because we got this too late, we didn't have enough time to make video's or other ways for you to get to know us better. But I will try my best with photo's and information, so you can form an image of what we are like.

We are 4 girls (3 members and 1 leader) from Chiro Dilsen in Belgium. Our Chiro consists of girls only. We have a lot of members in our Chiro, and our group (the eldest) has 9 girls and 2 leaders.

You must be thinking "11 girls and only 4 coming to Denmark??", unfortunately the others couldn't come with us, they had to go on vacation with their parents or whatever. But the good thing is, we (the four of us) can have fun for a whole group, so you won't even notice that the others are not there.

This is our leader, she is 25 years old and her name is **Evy**.

She loves creating super cool games for us to play, and everything we do together is always a lot of fun.

Next up, we have **Shanisse**. She's 17 years old and has been in the Chiro for 12 years I think.

This is **Anne!** She's

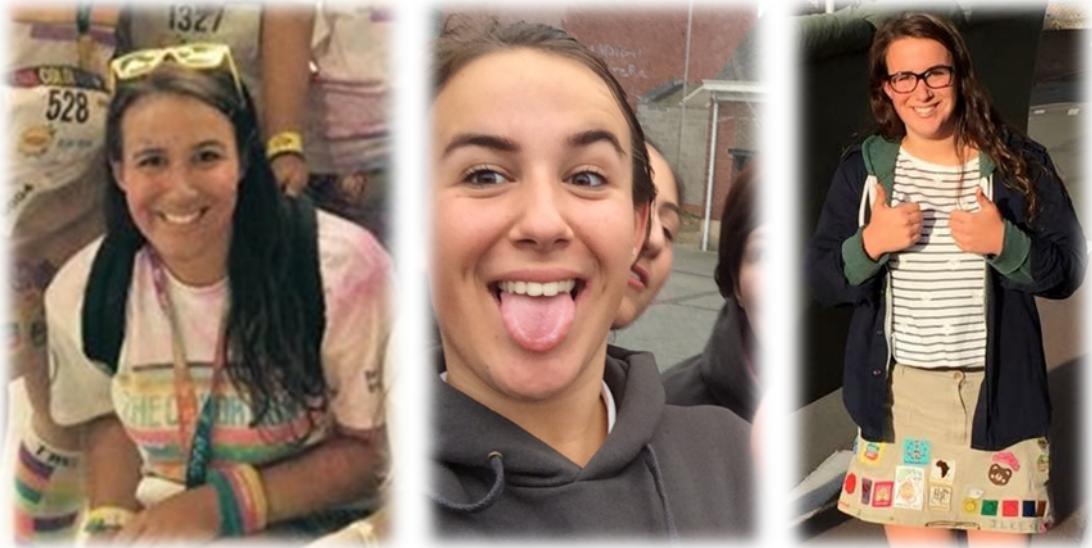

also 17

(I think, oops..)

Anne has also been in the Chiro for as long as I can remember, we started together.

And last but not least:
this is me!
My name is Ilke and I am 16 years old. I have been going to the Chiro since I was 5.

I hope this gave you a little bit more information about who we are. For any further questions, you may continue emailing them to Evy, or you can send them to me, I will answer right away! You can do this to ponsartilke@hotmail.com.

If there is anything that we definitely need to know, or things that we have to bring: please say so! It is the first time for all of us that we go to a camp outside of Belgium, so we don't know for sure what to expect.

We do have some more questions, what about tents and cooking material? Will this be provided or do we have to bring some ourselves? Should we also bring rope to build the tables etc?

We look forward to hearing from you soon!

Kind regards,

Evy, Shansisse, Anne and Ilke.
